

# Sovos ACA

A Simple Solution for Affordable Care Act Reporting

Sovos ACA is a scalable solution designed for corporate and enterprise clients alike to manage the entire ACA reporting process from simplified data import, validation and corrections to form generation, printing, and regulatory reporting for ACA tax forms.

## 3 Steps to ACA Compliance Success

1

### Import

Upload your information in any flat file format to Sovos ACA (formerly Taxport) and easily map data into the correct fields.

2

### Fix

Validate and correct your ACA data's accuracy within Sovos ACA. Our solution identifies any missing or incomplete information for the user to correct.

3

### Send

Once all data has been validated, send the forms off to your employees, dependents and recipients and then the send the authoritative transmittal to the IRS.

## Leverage our Technology, Expertise, and Industry Experience

You want an easy solution for your Affordable Care Act reporting needs and Sovos ACA is the platform to meet your organization's goals. Sovos ACA requires no installations as a scalable SaaS technology solution and has the ability to adapt to any last minute IRS regulatory changes.

As the largest private filer of 10-series, Sovos Compliance has over 30 years of experience in Tax Information Reporting. For Tax Year 2015 Sovos Compliance provided services for over 1,000 companies, providing forms for nearly 20 million households.

## Clear Compliance

### Easy Import

With enhanced import integration, the very DNA of your data is analyzed and linked to the correct form boxes. The next time you import similar data formats, Sovos ACA already knows what to do with them.

### Data Validation and Correction

Proactively validate your information before needlessly wasting time on rework. Data can be corrected real-time to generate an updated form to be sent to the recipient.

### Highest Level of Security

Sovos physical, network, and process security measures meet or exceed standards for handling protected health information (PHI) under the Health Insurance Portability and Accountability Act (HIPAA).

### Print and Transmit

No more wasted time on print parties, ink, paper and boredom. We handle the secure printing of every form and speedily transmit each to the IRS and your recipients. Press a button and you're done. It's that easy.

### Corrections Made Easy

Sovos ACA allows you to easily reprint or update current and prior year forms while tracking. Electronic submission of the revised information to the IRS is as easy as pressing a button. All tax information and forms, from the current year up to three prior years, are available whenever and wherever you need it.

“What we liked about Sovos is that you were service-oriented, we got timely responses, and your product's ease of use. More importantly, after asking our programmer about building a solution internally, we discovered that the Sovos ACA solution is a bargain comparatively.”

– Sharon Broadwater, *VP of People Support (HR)*

## About Sovos Compliance

Sovos Compliance is a global leader in tax and business-to-government compliance software, enabling businesses to grow globally by reducing the risks and costs associated with compliance in thousands of tax jurisdictions around the world.
